

2-4 Deriving Equations Homework

Name _____ Per. ____

For each problem below, define your IV and DV, name your variables, and write an equation.

1. Robert earns \$5 for each magazine subscription he sells.

IV: _____ DV: _____

Variables:

Equation:

2. Sandra is saving for a new phone. She has \$55 in the bank and saves \$12 per week.

IV: _____ DV: _____

Variables:

Equation:

- 3.

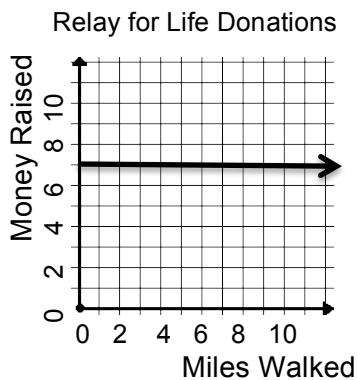

Hours	Miles
0	30
1	37.5
2	45
3	52.5

IV: _____ DV: _____

Variables:

Equation:

- 4.

IV: _____ DV: _____

Variables:

Equation:
