

2-9 Identifying Linear Functions

Name _____ Per. ____

Determine if the following tables are functions. If they are functions, determine if they are linear. If linear, find the rate of change.

1. Function | Not a Function

Linear | Non-Linear

Rate of Change = _____

x	y
0	2
1	3
2	7
3	16

2. Function | Not a Function

Linear | Non-Linear

Rate of Change = _____

x	y
0	8
1	8
2	8
3	8

3. Function | Not a Function

Linear | Non-Linear

Rate of Change = _____

x	y
0	8
1	6
2	4
1	2

4. Function | Not a Function

Linear | Non-Linear

Rate of Change = _____

x	y
-5	-8
-4	-3
-3	2
-2	7

2-9 Identifying Linear Functions
