

3-2 Standard Form

Name _____

Per. ____

Change each equation to standard form. Find the x- and y-intercepts. Then, graph each equation using the intercepts.

1. $y = \frac{1}{4}x - 1$

Standard Form: _____

x-int.: _____ y-int.: _____

2. $y = \frac{4}{3}x - 4$

Standard Form: _____

x-int.: _____ y-int.: _____

3. $y = -3x - 3$

Standard Form: _____

x-int.: _____ y-int.: _____
